

PRE-APPLICATION PUBLIC CONSULTATION PROPOSED RESIDENTIAL DEVELOPMENT LAND AT COOMBE HILL

An application for outline planning permission is being prepared.

The development at Coombe Hill will include up to 150 dwellings and associated infrastructure including new vehicular and pedestrian accesses, play/amenity space, drainage and landscaping.

The Council has resolved to grant outline planning permission for up to 40 dwellings on part of the site. The new application is for a comprehensive scheme including the part where the Council has previously resolved to grant permission.

A public consultation event has been arranged when the consultant team will be available to discuss and receive feedback on the proposals.
